Carefully tailored outer space.

The range of baths that Adamsez produce is wide and varied and covers a wide spectrum of sizes and designs. Becoming familiar with this comprehensive range will allow you to facilitate your customer at all times with the optimum bathing solution.

There are several families of baths which will give you versatility in the way that you use your showroom display model. The Solar bath for instance has 4 excellent options and its clean cut lines and superb internal bathing area make it an ideal choice for many bathroom situations.

Give yourself time to ponder over the many bath choices that exist in the Adamsez portfolio ranging from the large and luxurious models, through to showering baths, space saving tubs and even a few excellent contract options.

All of models reflect the best in contemporary design and the carefully thought out range will enable you to select all your bath requirements from one innovative and visionary collection. Like hidden jewels, an Adamsez bath will be much sought after and once obtained it will be treasured for years to come.
